MESSAGE FROM THE DESK OF HON'BLE VICE-CHANCELLOR

Aliah University is a State University under the Department of Minority Affairs and Madrasah Education, Government of West Bengal. It came into existence through the Aliah University Act (Act XXVII of 2007) passed by the West Bengal Legislative Assembly. The Act came into force on 5 April 2008. The University started its glorious journey in the 2008-09 academic session. This University plays a leading role in the advancement of higher education, especially for the Minority communities who have for various historical reasons remained socially and educationally backward. The spirit of Aliah University engraved in its motto, 'Advancement of Education and Culture' is very significant, and suggestive, and breaks all the barriers that come to acquiring modern and scientific education. It urges its students to an unabating quest for acquiring higher education along with creating sensible human beings with embedded cultural and ethical values.

The Aliah University has approvals from statutory bodies like the University Grant Commission (UGC), the All India Council for Technical Education (AICTE), the National Council for Teacher Education (NCTE), the Indian Nursing Council (INC) and the West Bengal Nursing Council (WBNC). The University has three (3) campuses and through its 23 academic departments, it offers 50 academic programmes. The present intake capacity is 1110 students at the postgraduate level and 1480 students at the undergraduate level. Research programmes in various disciplines are also being pursued actively and there is immense scope for progress in the near future. So far over 530 research scholars have enrolled in various subjects out of which 120 scholars have been awarded Ph.D. degrees. Apart from offering various academic programmes in Science, Engineering, Language, Social Sciences, and Journalism we also offer professional programmes like LLM, Nursing, and B.Ed.

At Aliah University, we are committed to excellence in education, research, and innovation. Our faculty members are leaders in their respective fields, dedicated to providing students with a rigorous and intellectually stimulating learning experience. Through a combination of classroom instruction, hands-on research opportunities, and real-world application, we empower our students to think critically, solve complex problems, and become leaders in their chosen fields.

Through various conferences, seminars, symposiums, cultural events, and community service initiatives, we encourage our students to engage with one another and make a positive impact on the world around them. We, at Aliah University, endeavour to inculcate competency, creativity, and compassion in every student to work for the advancement of the educationally backward classes and marginalized sections of society. The University believes in cultural pluralism and unity in diversity for which our country is always recognized everywhere with deep respect.

The Training and Placement Cell regularly organizes Student Development Programmes for B. Tech., MBA, MSC, and MCA students. As a step towards academic and industrial partnership, Aliah University has signed MOUs with many renowned organizations. To enhance employability, and core competencies among students, experts from industry and professional organizations are invited for grooming, up-skilling, and soft skill development of students. The NCC of the University under 31 Bengal Battalion, Kol-'B', Coy-2, Fort William is very active.

In closing, I am confident that by working together with determination, compassion, and integrity, we will continue to build upon the rich legacy of our university and create a future that is brighter and more equitable for all.

M Wahab, IPS (Rtd.)
Vice-Chancellor

MESSAGE FROM THE DESK OF REGISTRAR

From its very inception, Aliah University has been the seat for learning and culture and has now grown as one of the leading Universities in West Bengal as well as in India. The University is known for its excellence in teaching, research and culture. Our teaching and research programs span across all kinds of discipline and touches all the works of life. As we look toward the future, one thing is certain – technology and knowledge will be the key resources, pervasive within the country and around the world. Therefore, it is our foremost duty to develop the ecosystem, which will benefit society, and to educate and train students to work in fields where they will be valued for their specialized knowledge. In our curriculum, we seek to open frontiers of knowledge and reveal new horizons of change, to broaden mindsets and to create a positive attitude in our students. Along with the curriculum, our students are also exposed to a rich experience by various outreach programmes, co-curricular activities, and cultural programmes.

Our acumen to research, communicate and solve issues is improving upon from time to time. To meet these challenges, collaborations with academic and research institutions, partnerships

with Government and corporates have been undertaken expeditiously. We leave no stone unturned to ensure the quality of our academic programs and excellence of our teaching, learning and research. As an example, the endeavour to promote the cultural innovations and start-ups, Aliah University has been recognised by the NIRF-innovation in the “Band Promising” category.

In the rapidly evolving society of today, it has become more important than ever for the University to adapt, evolve and be the cornerstone of creating knowledge. The excellence of the University has always come from the individual strengths of our extremely diverse members. With many more miles to go, let us shoulder the responsibility and work together to take this institution to greater heights.

Our University has made constant efforts to provide knowledge-based expert services for satisfying the needs of the industry and other job markets and thus helping in fostering a positive attitude in the young minds of this generation and preparing the youths to face the challenges of the new world.

Dr. Sk. Ashfaque Ali

Registrar (Officiating), Aliah University

MESSAGE FROM THE OFFICE OF AUAT

Aliah University is committed to provide quality education and training at the UG, PG and Ph.D. levels of various programmes in different disciplines, like Science, Engineering, Humanities, and Languages, in addition to its traditional subjects, like Islamic Theology and Islamic Studies. AUAT (Aliah University Admission Test) – 2024 office, led by the Chairman and Vice-Chairman, is thus committed to provide quality students to all the departments on time. The admission to all the programmes will be taken through a competitive admission test, based on the syllabi of the qualifying examination of the respective subjects. The merit list will be prepared on the basis of the score of the candidates in the admission test AUAT-2024. For the candidates to appear in the examination we have planned to conduct the admission test for UG programmes in different centres across the state. However, admission test for Nursing, B.Ed.

and PG programmes will be conducted in the Kolkata centre only. Aspiring candidates are advised to follow the website regularly to get all the updates related to admission.

We invite aspiring students to join our vibrant community of scholars, innovators, and dreamers. Whether you're passionate about engineering, arts, business, or any other field, we have a place for you.

Candidates are strictly cautioned against falling prey to any kind of assurance/offer by any individual/ agency for all sorts of admission to Aliah University. No donation or capitation fee is required to be paid for admission to any programme offered by the University. Also, at any stage of time if any discrepancy is found, Aliah University have the sole rights to cancel the admission of such candidate without any notice.

HISTORICAL BACKGROUND OF ALIAH UNIVERSITY

Aliah University has a unique pre-history. A brief look at this will offer an understanding of its social and cultural importance. Its parent institution Aliah Madrasah was the first government-funded educational institution in British India, established by the British Governor-General Warren Hastings in 1780. The chief intention for establishing this institution was to educate the children of Muslim families in Arabic, Persian and Muslim Law so that they might be eligible to get jobs in different Government Departments like revenue administration and the judiciary. However, within a decade the curriculum of Aliah Madrasah had also encompassed modern subjects like arithmetic, geometry, astronomy and the natural sciences along with the more traditional branches of learning like Law, Theology, Elementary Grammar, Philosophy and Logic. In 1821, the Annual Examination of the Madrasah was held in the presence of many respectable officials and gentlemen of Calcutta. This was the first public examination held in British India. A medical class, headed by Dr Peter Breton, Professor of Medicine, was started at this Madrasah in 1826 for the first time in British India. Dr Breton was authorized to purchase a skeleton and collect medical books. An anatomical work published by John Taylor was arranged to be translated into Arabic. The medical class continued here till the establishment of Calcutta Medical College in 1836. However, the students of the Madrasah were allowed to study medicine at Calcutta Medical College. This speaks for the high standard of education at the Madrasah in those days. English was first introduced at Aliah Madrasah in 1826, though the number of students was quite low as Persian was still medium of administration in British India. In 1854 at the recommendation of a Committee an English school, in the name of Anglo-Persian Department, was started under the direct control of the Principal of Calcutta Madrasah. After the Revolt of 1857, the British rulers began to have a suspicious attitude to the Muslims. There were proposals to abolish the Madrasah. However, in 1860, the Government of India, rejecting the idea of abolition, rather recommended improvement in its management. So the Madrasah continued to exist. Some reforms were introduced at the Calcutta Madrasah according to the suggestions of a committee consisting of C.H. Campbell, Commissioner of the Presidency Division, I. Sutcliffe, Principal of Presidency College, and Nawab Abdul Latif, then a Deputy Magistrate. Further reforms were introduced at the recommendations of the Education Commission headed by W.W. Hunter in 1884. Nawab Abdul Latif and Justice Syed Amir Ali played a very important role in these reforms. In 1896 Elliot Hostel was founded, with funds raised out of donations from the public. In 1902 the Muslim Institute was established as a part and parcel of Calcutta Madrasah. The Principal of the Madrasah was ex-officio President and Treasurer of the Muslim Institute. Several committees and commissions were appointed in 1915, 1923, 1931, 1938-40, and 1946 for the improvement in the syllabi, curricula and all-round development of Madrasah education in Bengal, particularly of Calcutta Madrasah. After Partition in 1947, this institution again faced severe problems. According to the decision of the Separation Council, all books and manuscripts, assets and estates of the Aliah Madrasah were transferred to the Dhaka Madrasah. It was only at the initiative of Maulana Abul Kalam Azad, the first Education Minister of independent India, that the institutional framework of Calcutta Madrasah was again set up and teaching restarted.

In 2001, the Government of West Bengal, under the direction of the eminent educationist and the then Governor of West Bengal and Bihar, Dr. A. R. Kidwai, formed a Madrasah Education Committee. This Committee presented its recommendations for the continued development and future excellence of Aliah Madrasah in 2002. Finally, the over-two-hundred-year-old institution was elevated to the status of a university in 2007. Aliah University — a State University under the Department of Minority Affairs and Madrasah Education, Government of West Bengal — came into existence through the Aliah University Act (Act XXVII of 2007) passed by the West Bengal Legislative Assembly. The Act came into force on 5th April 2008. Classes were being held in various rented buildings at Sector I and Sector V of Salt Lake City, apart from the Heritage building at Haji Md Mohsin Square. In 2011 the Government of West Bengal led by Mamata Banerjee, the Hon'ble Chief Minister, allotted 20 acres of land at New Town and the foundation stone for the

HISTORICAL BACKGROUND OF **ALIAH UNIVERSITY**

New Town Campus was laid by her on 15 December 2011. The newly-built building was inaugurated by her on 11 November 2014, National Education Day. By this time the G+ 9 building at Park Circus Campus was also completed. So, the academic and administrative activities of the university started at both these two new campuses from January 2015.

It may be observed that Aliah Madrasah from its early days imparted teaching in the traditional subject of theology, and the modern sciences, social sciences, and humanities. To keep alive this tradition of teaching, right from the start, Aliah University has offered courses in the traditional Islamic Theology and Arabic along with subjects like English, Bengali, History and Geography and many other branches of Science (Physics, Chemistry, Mathematics, Statistics, Botany, Microbiology, and Zoology) as well as Engineering (Civil, Mechanical, Electrical, Electronics and Communications, Computer Science and Engineering), Management and Business Administration, Nursing, and Journalism & Mass Communication. Keeping in mind the requirements of the employment sector in the 21st century, right from the start, great emphasis has been put on courses in the Sciences, Engineering, Technology and Management, so that students from the minority community become eligible and can compete for jobs in various sectors. In keeping with the great stress laid by the UGC on the Semester system of education and Letter Grade process of marking, Aliah University has adopted semesterization, credit system, continuous assessment, and letter grading from its inception. All UG curricula are running under CBCS pattern as per UGC from 2019-20 and 2020-21 academic sessions, and CBCS system is also introduced in all PG programmes from 2021-22 academic session.

9. Training and Placement

Aliah University has a full-fledged Training & Placement Cell (T&P Cell) which is under the supervision of Training and Placement Officer to provide placement assistance to the students. It conducts special training sessions for the students to develop their soft skills and english language communication skills and also help them to prepare for aptitude test, group discussion, personal interview and mock test which is required for the enhancement of employability of the students to meet the industry requirement. The T & P Cell also provides counseling to students regarding placement opportunities and establishes Industry-University partnership for further improvement of the students.

9.1. Prominent Recruiters

The Cell continuously coordinates with various industries and organizations for placement. Below are the names of some of our most prominent recruiters:

9.2. Training & Placement Activities

The major activities of the Training & Placement Cell :

- I. Developing strong network between the University and the corporate world.
- II. Arranging on and off campus placement drives.
- III. Organizing pool - campus drive at Aliah University.
- IV. Employing professional trainers from reputed training agencies to train the students through Mock Interviews, Aptitude Tests, Group Discussions, Online Tests, Personality Development Tests and HR Interview.
- V. Organizing seminars and lectures periodically by eminent personalities from both academia and industries.
- VI. Arranging technical training program and industrial visits during semester breaks to get practical exposure.
- VII. Providing assistance to the final year students in getting internships and industry level projects related to their domains.

9.3. Industrial Training & Internship Programmes

Like all other institutes, industrial training is mandatory for all the technical and professional courses. There is also a certain weightage of that training in deciding the final grades. Beside that students are also undergoing some short term vocational training in their last few semesters. Aiming to place the maximum number of students through On-Campus, Off- Campus and Pooled-Campus interviews, the T&P Cell helps the students in getting practical exposure through internship programmes related to their domain.

Training & Placement Cell has always encouraged the students to capitalize on the semester breaks and vacations to enhance their industrial exposure. They have gone through training programmes of various

Governments and Public Sector Undertaking organizations like **Eastern Railways, NTPC, Hindustan Aeronautics Ltd, Kolkata Tramways Company Ltd, PWD, WBPDC, CESC Limited, SAIL , All India Radio, WBSETCL, NKDA, Durgapur Steel Thermal Power**, to name a few. 12.5. National Service Scheme (NSS)

National Service Scheme popularly known as NSS, the scheme was launched in Mahatma Gandhi Centenary year 1969 and aimed at developing student's personality through community service. The overall objective of National Service is educational. This objective is attained through the service to the community. The process of learning is not only a desirable supplement to the classroom education but develops in the student a sense of responsibility, tolerance and cooperation. The NSS plays a vital role in the development of the latent aspects of the student's personality. National Service Scheme (NSS) is a permanent youth Programme under the Ministry of Youth Affairs and Sports, Government of India and funded by Government of West Bengal and Government of India. Since 2012, the NSS unit has been functioning with full vigour and enthusiasm in Aliah University.

12.6. Scholarship

It is for information of all candidates admitted through AUAT-2024 of all courses that Aliah University has no institute scholarship of its own. However, eligible students may apply for other scholarships/fellowships as and when applications are invited by the Government or any other sponsoring agency. The university will only verify and help in submitting the documents of the students for scholarship.

(As M. Tech. courses run by the Aliah University are not approved by the AICTE, no MHRD/GATE scholarship is available to the admitted students.)

12.7. Inter-campus Bus Service

Aliah University has 2 dedicated buses for inter-campus travel of University students and staffs on scheduled times.

12. Facilities for Students

12.8. Medical Facilities

The University has its own a Medical centre equipped with a full time medical officer (doctor), a pharmacist and modern primary medical facilities. Students are provided with free of cost medical checkups, consultation and medicines from the medical health centre.

12.9. Smart Class Room

There are smart classrooms in the University. The smart classroom facility is provided to students to improve teaching learning methodologies. The ample use of inter active modules like audio-video presentations in the form of documentaries, pictures, etc enable a wider perspective to young learners. Equipping classrooms with tech isn't just about gadgets – it's about boosting engagement and accessibility and ensuring us all.

12.10. Amenity Centre

University has well-equipped amenity centres in its campuses for providing recreational and essential facilities for students.

12.11. Laboratories

The University has state-of the art laboratory facilities in the engineering, science as well as humanities departments as per requirement of UG, PG and PhD programmes.

12.12. Auditorium

The University has a big auditorium that is spacious to hold many events and seminars. With this, the students can be a part of the events and can attend the workshops and seminars that the university holds time and again for their benefit. For an educational institution an auditorium is not just a venue for events, or merely a meeting place, it is a space where a corporation of students and scholars congregate.

12. Facilities for Students

12.13. Cafeteria

The University has canteen facility for its staffs and students. The canteen provides healthy, nutritious food at subsidized rates. The quality of food served is checked by the authorities. All attempts are made to maintain cleanliness and hygiene. **Cafeteria** for staffs and students are available in the campus.

12.14. Wi-Fi

The University provides an uninterrupted pan campus internet facility in University. Wi-Fi Connections with high speed connectivity are installed in the University campus.

12.15. Computer Facility

All the departments, central library and office have sufficient member of computers with proper internet connections. The University has also an well equipped Computer centre.
